

Primary student use of mobile phones and personal devices

This template for schools with primary student enrolments refers to the department's [student use of mobile phones and personal devices policy](#).

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students hand their phones into front office person as soon as they arrive. Phones are kept in a safe location and students then collect at the end of the day. **STUDENTS ARE NOT TO USE PHONES ON BUSES.**

If the student does not comply

- Parents will be contacted.
- Phone will be left at home for a specified time based on incident(s).
- Parents/Caregivers and principal to negotiate when phone can again travel with student.

Roles and responsibilities

Enforce the policy and responses to instances of non-compliance.

Students

Comply with the requirements of the school's policy and follow all reasonable directions from the Principal and school staff.

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.

Recognise the important role they play in supporting their child to use their mobile phone (or other personal device) in a safe, responsible and respectful way.

Communication and review

Outline:

- Consultation has been undertaken with students and the broader school community to make local decisions regarding storage of students' devices and what actions will be taken if students do not comply with the policy, and how consultation will occur when it is time to review these local decisions and ensure community members are aware of the policy requirements
- The school's policy can be accessed on site for further clarification
- We review the policy every second year.
