

Learning, Reading and Creating with

Our Buddies

- Our Buddy Program supports the Preschool children to form secure, positive and trusting relationships with older members of our school.
- It provides an opportunity for the Year 5 students to become leaders, to model and scaffold a wide range of learning skills and processes.
- This term the children and their buddies have been engaged in text; Mark making; learning about bucket filling to show care and respect for others; planting trees and seeds; recognising letters and name writing and talking about different sized problems.

Week 10

Thursday 6th

Assembly

Dear Parents and Caregivers,

Hope you are all well and had a great long weekend. The weather is distinctly colder now. Winter is here.

We have had lots happening across the school and we have plenty more to come in the following weeks. Happy belated 40th Birthday to Danielle Hirschausen and 30th Birthday to Stella Siegert for last week. On Thursday last week we have a very successful Foody Fundraiser run by the SRC. Huge thank you to Donella and Heather Cox for organising and supporting the students to create such yummy food. It was very well supported and we thank students and families for supporting this event. We would like to send a big thank you to Leader Distributors for donating the serving trays for the meals. Another saving for the school.

Assembly was great last week with lots of learning show cased from each class.

Preschool are currently providing orientation days for new students beginning in term 3. This will see our numbers lift to 18 in the Preschool. We will be employing someone for the remainder of the year to help support Skye, Nell and Thalia. Currently Shelly Mercer is doing her final placement and we wish her all the best over the remaining weeks. Next week the Preschool will be travelling to Glen Forest for their Minya Custodian experience for term 2.

The logos for Nauo Country have been completed by all students and most are on display in the front office. There are some great designs, thanks to staff and students for their designs.

Next week the Junior Primary class has their last trip to gymnastics on Tuesday. They have thoroughly enjoyed their time there and it has definitely helped their co-ordination.

Next Thursday we are travelling to Nyroca for the last Minya Custodians trip for their term. We are focused on the health of the creek and the impacts of humans. The Upper Primary students will be working with Tumby Bay Area School year 5-6 students which should be a great experience for all. Please ensure student notes have been returned.

Staff are preparing reports for students ready for the end of the term. We will be again sending students reports to you online through our Accelerus platform. These will be sent in week 10.

Students this week are also doing Acadience testing to measure their reading abilities and growth which is important data for our site.

Chocolates are still available for purchase at school. Thanks to all families who have helped raise money for the school.

Always lots happening at a school like ours! Thanks for all your support.

Regards,

Wade Branford.

ASSEMBLY AWARD WINNERS

Congratulations to the following students:

Back: India O'Grady, Mariah Tahitahi, Erica Turner,
Darcy Branford, Jasper Rasmussen
Front: Ollie North, Oakley Montgomerie,
Bailey Mittlestadt, Phoenix Tiller

GOVERNING COUNCIL FUNDRAISER

The wall of chocolate is getting smaller!
Thank you to everyone who has sold and eaten a box!
We have 3 boxes of Freddos & Friends and 20 boxes of Fun Packs to sell before the end of term.
Please contact the front office if you can help.
Thank you

PASTORAL CARE WITH DONELLA

Last week we had another successful Foody Fundraiser. I would like to thank the students, staff and families for their support. As you can imagine these are very busy in the kitchen and I would like to say an extra special thank you to Heather Cox. Not only is she amazing in the kitchen, wonderful with the kids but she donated the ingredients for the delicious chicken soup that was served. Leader Distributors also were kind enough to donate the containers for serving in, this was greatly appreciated.

The SRC are busy organising a soccer tournament and a lunch time book club as you would have heard from them at the assembly and I look forward to being able to update you all on the fun that is sure to be had.

Winter Lurgies

We are seeing some familiar lurgies of the winter season at school. We are aware that not all coughs and colds are Covid-19 related, but we do ask that you continue to keep your child at home if they are unwell to keep illness from spreading. **Please inform the school of any student absence whether it be a COVID-19 positive result or any other illnesses. Thank you.**

FOODY FUNDRAISER - Week 9

The next foody day is on Thursday 29th June.
Order forms have been sent home today.
Please return orders and money
by Friday 23rd June.

Term Dates 2023

Term 1: 30 January - 14 April
Term 2: 1 May - 7 July
Term 3: 24 July - 29 September
Term 4: 16 October - 15 December

Parent and Student Information

Greenly Beach Planting Day 2023

We were very pleased with the attendance at the 7th public planting day at Greenly Beach on Sunday 4th June. About 100 people attended and planted over 1500 seedlings, a new record. It was pleasing to see generations of families come along to do something positive for World Environment Day and to have people returning to lend a hand each year. We have had volunteers come to all seven planting day events at Greenly and it was also encouraging to have lots of first-time volunteers attend. Planting trees is one of the best things we can do for the environment.

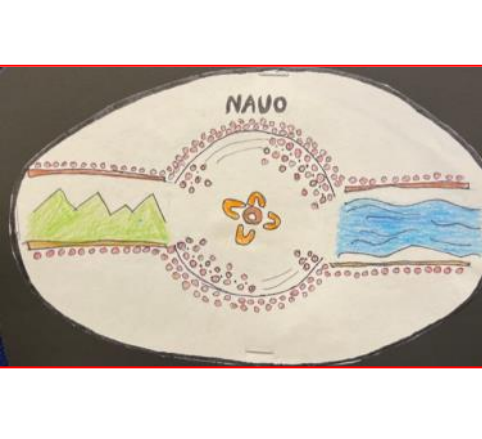

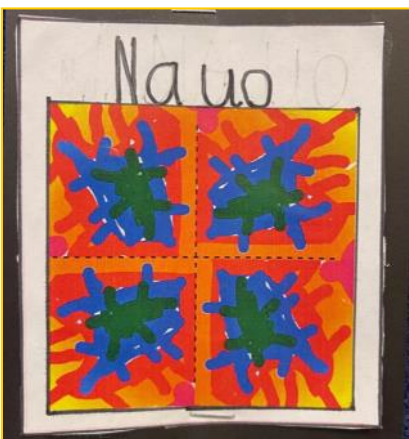

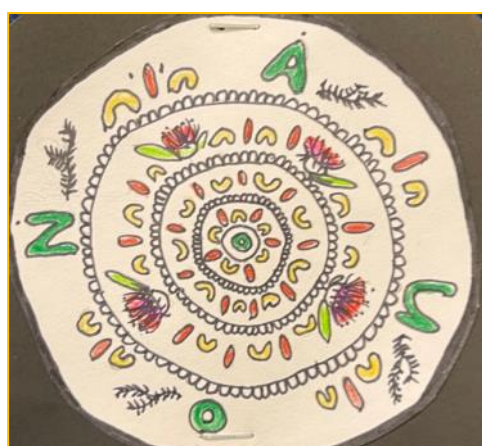

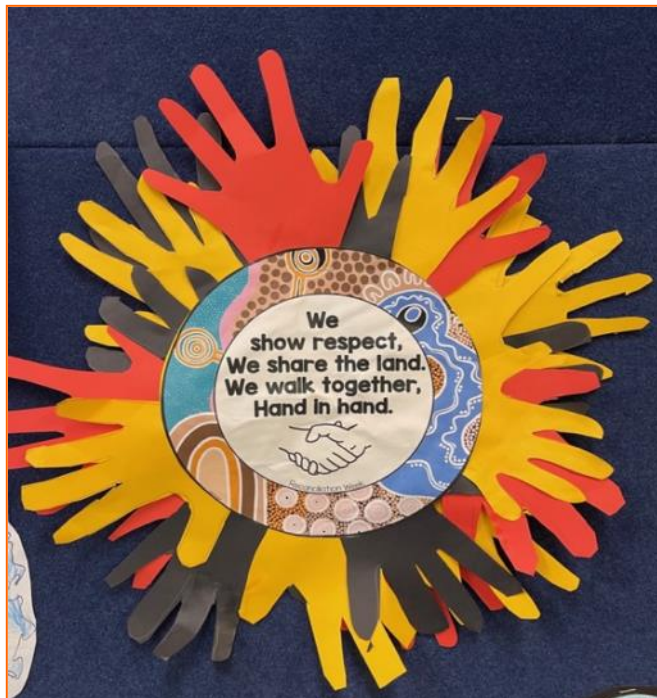

It was good planting weather on the day although a bit too breezy to get the school marquees up. The LWS governing council volunteers did a great job with the fundraiser bbq and kept every one fed. The seedlings are off to a good start with the follow up rain to settle them in. The new addition this year, the portaloos, was very well received!

We are very encouraged by the feedback about what a great thing it is that the school and Coastcare are doing working together to grow plants in the nursery at the school and to work toward environmental improvement and encouraging custodianship at a place loved by many at the school.

We acknowledge support from Coles towards the bbq, Local Liquid Waste for the portaloos and assistance and funding from the Eyre Peninsula Landscape Board.

The students have designed some amazing Nauo logos as requested by Jody Miller. Jody will announce the winner during NAIDOC week.
